HUMAN RESOURCES

OPEN ENROLLMENT 2017 OVERVIEW GUIDE

University of Mississippi faculty and staff will have the opportunity to make benefit elections and changes for calendar year 2018 online via the myOleMiss portal from October 1st through October 31st. Instructions for accessing online Open Enrollment are provided on the following pages.

What is Open Enrollment? Why is it Important?

The University offers a comprehensive benefits program in accordance with Internal Revenue Code Section 125 Cafeteria Plans. It is designed to provide you a choice between taxable and non-taxable benefits. Through participation in the plan, you may choose certain benefits for you and your dependents that are paid for with "pre-tax" dollars. The end results are generally greater flexibility in benefit selection for family needs and more spendable income. The following benefit plans are included in the cafeteria plan (changes can only be made according to the rules listed below):

- Major Medical Plan - State and School Employees' Health Plan
- Dental Insurance Plan - Delta Dental
- Vision Insurance Plan – Davis Vision
- Medical Expense Reimbursement Plan (Flexible Spending Account)
- Dependent Care Reimbursement Plan (Flexible Spending Account)
- Accidental Death & Dismemberment
- Cancer/Dreaded Disease and Intensive Care Policies - American Heritage or Life of Alabama

*The University offers life insurance coverage with UNUM. This benefit is a Post-Tax deduction and is not a part of the Cafeteria Plan; however, new enrollments and changes will only be permitted in accordance with cafeteria guidelines.

NOTE: Open enrollment is the ONLY time during the University's plan year (January 1 – December 31) an employee can make changes to his or her pre-tax benefits unless there is a family status change. Qualifying events may vary by plan.

Family Status Changes Include:

- **Legal marital status:** because of marriage, death, divorce, legal separation, or annulments;
- **Number of dependents:** because of birth, adoption, placement for adoption or death;
- **Employment status:** defined as a reduction or increase in hours of employment by the employee, spouse, or dependent which causes the individual to gain or lose eligibility;
- **Work schedule:** defined as a reduction or increase in hours of employment by the employee, spouse, or dependents because of a switch between part-time and full-time, a strike or lockout, or commencement or return from an unpaid leave of absence;
- **Unmarried dependent status:** defined as an event that causes an employee's dependents to satisfy the requirements of attainment of age or student status, or any similar circumstance as provided by the plan;
- **Residence or worksite:** defined as a change in the place or residence or work of the employee, spouse, or dependent.
